

HOW TO USE RENTACRATES

PAK-N-STAK™ Your Way to a *Crate Move!*

1 PLACING:

- Set your first crate on crate dolly.
- Roll the crate to the items to be packed.

2 PACKING:

- Pack files and contents up to the line $\frac{1}{2}$ " below the top of the crate.
- Close the lid as shown.

3 STACKING:

- Place the second empty crate on top of the first, fitting it snugly between the interlock notches.
- Repeat packing steps.
- Continue the *PAK-N-STAK*™ process 3-4 crates high.

4 READY TO GO...

- Affix your move labels and security ties to the end of the crates for easy identification.
- Your mover can now quickly roll the stack away.

5 UNPACKING:

- Simply reverse the *PAK-N-STAK*™ process, nesting one empty crate inside another.
- Leave the dolly under the nested stack for mobility.
